

I have just learned that Sinclair Broadcasting is REQUIRING their stations to air what by every objective account is an anti-Kerry program just prior to the election. This is an outrage! It would be an outrage if they were airing an anti-Bush program. I earnestly hope that you -- the federal entity with appropriate authority -- will step in and stop this. The airwaves are public , dammit, so for once why not take action that is clearly in the public interest!! Thank you.
